DISABILITY/ADA POLICY

The school does not discriminate in admission or access to our program on the basis of age, race, color, sex, disability, religion, sexual orientation or national origin. School campuses have access to designated handicap parking spaces and offer ramps for entrance accessibility. Reasonable accommodations are available for students who provide the appropriate documentation of a disability. Such documentation should specify that a student has a physical or mental impairment and how that impairment substantially limits one or more major life activities. In general, the supporting documentation must be dated less than three years from the date a student submits the request for reasonable accommodation. The documentation must also be completed by a qualified professional in the area of the disability. You may request reasonable accommodations, academic adjustments or auxiliary aids at any time by contacting the Director of Operations. REPEATED COURSEWORK

In General, for purposes of Title IV funds (under non-term provisions of §668.4c) a student must successfully complete the credit or clock hours in a payment period to advance to the next payment period, and may not be paid for repeating coursework regardless of whether the student successfully completed it unless the provisions of §668.4(g) apply: (1) Re-enters that program after 180 days; (2) Transfers into another program at the same institution within any time period; or (3) Transfers into a program at another institution within any time period.

TDLR CRIMINAL CONVICTION GUIDELINES

Every individual who applies for a license with the Texas Department of Licensing and Regulation ("the Department") is subject to a criminal background check to determine his or her suitability for the license. The Department publishes Criminal Conviction Guidelines for each occupation the Department licenses. These guidelines list the crimes which are considered to relate to each occupation, as well as other factors that affect the decisions of the Department. Prospective students are able to find out if they are likely be denied a license due to criminal history. All students should review the TDLR's Criminal Conviction Guidelines prior to applying for enrollment and request a criminal history evaluation letter if they may be at risk of denied license. Texas Law: (1) restricts the issuance of occupational licenses based on license applicant's criminal history; and (2) authorizes the Texas Department of Licensing and Regulation (TDLR), in some cases, to consider a person convicted, even though the person was only on probation or community supervision without a conviction. Notice to all applicants enrollees: "If you have been convicted of an offense or placed on probation, you might not be eligible for an occupational license issued by TDLR after you complete this educational training program; TDLR's criminal history guidelines are at www.tdlr.texas.gov/crimconvict.htm and include restrictions or guidelines TDLR uses to determine eligibility for an occupational license; and you have the right to request a criminal history evaluation from TDLR, which is explained more at www.tdlr.texas.gov/crimhistoryeval.htm." Section 53.152, Occupations Code, requires that this notice be provided to each applicant and enrollee regardless of whether the applicant or enrollee has been convicted of an offense.

State law requires TDLR to order an educational program provider to refund tuition, license application fees, and examination fees if: (1) TDLR determines the provider failed to provide notice to me; and (2) a license application was denied because of criminal history. The costs associated with the criminal history request are the responsibility of the prospective student. The school is not responsible for students who are denied licensure based on criminal convictions. To request a criminal history evaluation letter, an individual must: (1) submit a request form, and (2) complete a criminal history questionnaire for each crime for which he or she was convicted or placed on deferred adjudication, and (3) pay a fee (\$25.00). TDLR will issue a criminal history evaluation letter within 90 days of receiving a complete request. The letter will state that the Department would or would not recommend granting a license to the requestor, based on all of the information available to the Department at that time. TDLR's recommendation is not a final decision and cannot be appealed. If, after the requestor applies for an actual license, the Department then recommends denying the license, the requestor may ask for a hearing at the State Office of Administrative Hearings (SOAH). The final decision following a SOAH hearing will be made by the Commission of Licensing and Regulation. For complete information/forms please see: www.license.state.tx.us/crimHistoryEval.htm

TITLE IV ELIGIBILITY

Avenue Five Institute participates in the Title IV Federal Pell Grant and the Federal Direct Stafford Loan Program, and the Federal Direct Parent PLUS loan as described below. The North Campus (main campus) is currently eligible for Title IV aid. The South Campus is not currently eligible. In order to apply for Title IV Aid Programs with Avenue Five Institute, the student should use the Free Application for

Federal Pell Grant is a need-based award that does not need to be repaid. The determination for eligibility is based on the income and asset information of students and parents as presented on the FAFSA. The amount awarded is dependent on the student's family contribution (EFC).

Federal Direct Stafford Loan is a federally sponsored and regulated national student loan program for undergraduate and graduate students. These loans can come in the form of a Subsidized or an Unsubsidized Loan (or a combination of both). This loan is awarded by the school, and funds are borrowed directly from the federal government. Eligibility for the Subsidized Stafford Loan is based on financial need as determined by the Financial Aid Office. The yearly maximums for the Federal Direct Stafford loan program are based on financial need.

Federal Direct Parent PLUS Loan is also a federally sponsored and regulated national student loan program. The PLUS Loan allows credit-worthy parents of dependent students to borrow funds to pay for their child's educational expenses. The funds are borrowed directly from the federal government, and the loan is held by the parent, not the student. The loan amount may not exceed the student's estimated cost of attendance minus any other financial assistance (financial aid, scholarships, etc) the student has been given. The Federal Direct PLUS Loan does require a credit check and some parents may not be eligible for the loan. If a parent receives notification of denial, the parent should contact the Financial Aid Office, as there may be other options available to the student.

A Conviction for any offense, during a period of enrollment for which a student is/was receiving Title IV program funds, under any federal or state law involving the possession or sale of illegal drugs will result in the loss of eligibility for any Title IV, HEA grant, loan, or work-study assistance. Students with state/federal drug convictions must meet the following requirements to be eligible for student aid conviction for possession or sale of illegal drugs. A student must resolve any drug conviction as outlined in 34 CRF 668.32: A federal or state drug conviction can disqualify a student for FSA funds. The student self-certifies in applying for aid that he/she is eligible; the school will only confirm if receive conflicting information. Those policies are stated here and considered to be an integral part of each of the program outlines contained in this section of the catalog. Programs are divided into four levels of training as follows:

Avenue I: Students focus on learning the underlying theory and the basic skills for providing client services. In addition, Students will identify short-term and long-term career goals and begin development of an action plan for achievement of those goals. The education is provided through interactive lecture, demonstration, technology, and hands-on practice.

Avenue II: Students will develop and customize their skills to meet the needs of clients. They will perform skills on live people and become increasingly self-confident and proficient in their communication, consultation, and technical skills. The education is provided through interactive lecture, demonstration, technology, field trips (does not apply to massage students), guest speakers, and hands-on practice.

Audiovisual aids, guest speakers, field trips (as applicable), projects, activities, and related learning methods are used for program delivery. All assignments must be completed by each student as agreed upon in the Enrollment Agreement. Practical assignments are evaluated as completed and counted toward program completion ONLY when rated as satisfactory or better. The instructor will review practical work daily and approve only if the skill performed is considered satisfactory or better. There will be periodic assessments of practical assignment progress.

UNITS OF INSTRUCTION AND HOURS: The contents of the units of instruction in each program along with the applicable hours devoted to each unit are listed in the following section of this Program Outline. Health, sanitation, infection control, chemistry, electricity, anatomy and physiology, the use and safety of products, and the use and safety of tools and equipment are included in both theory and practical study within the applicable units of study. PRIVACY AND FILE ACCESS POLICY

FERPA, the Family Educational Rights and Privacy Act of 1974, is a federal law that pertains to the release of and access to student educational records. FERPA rights apply to students and guardians of a dependent minor student. A student is a person who is, or has been, in attendance at the School, regardless of the person's age. Under FERPA, a student has a right to: (1) inspect and review his or her educational records; (2) request to amend his or her educational records, (3) have some control over the disclosure of information from his or her educational records. The directory information made available by the School is: Student's Name, Address, Telephone listing, Electronic mail address, Photograph, Date and place of birth, Major field of study, Dates of attendance, Grade level, Participation in officially recognized activities, Degrees, honors, and awards received, most recent educational agency or institution attended, Student ID number, user ID, or other unique personal identifier used to communicate in electronic systems that cannot be used to access education records without a PIN, password, etc. (A student's SSN in whole or in part will not be used for this purpose.)

FERPA also authorizes disclosure of this information without the student's consent under certain circumstances. Directory information will be provided to the public upon request unless the student files a request with the school asking to be excluded from the directory or from any other requests for open directory information from outside entities. A student may update access to their information by contacting a school employee and filing a request to be excluded from the directory or from any other requests for open directory information. According to FERPA, some non-directory student records may not be released without prior written consent from the student. A record is any information recorded in any way, including but not limited to handwriting, print, tape, film, microfilm, microfiche, and digital image. Educational records are all records that contain information that is directly related to a student and that are maintained by an educational agency or institution or by a party acting on its behalf. Educational records do not include the following: (1) Sole possession records (those records kept in the sole possession of the maker which are used only as a personal memory aid and are not accessible or reviewed by any other person except a temporary substitute for the maker of the record. (2) Medical or psychological treatment records that include but are not limited to records maintained by physicians, psychiatrists, and psychologists. (3) Employment records, provided that employment is not contingent upon being a student. (4) Law enforcement records.

The school will disclose information from a student's education record without written consent of the student to staff members who require access to educational records in order to perform their legitimate educational duties; officials of other schools in which the student seeks or intends to enroll; and in connection with a student's application for, or receipt of, financial aid; and state, federal, and accrediting agencies as required. Disclosures may also be made to authorized representatives of the US. Department of Education for audit, evaluation, reporting, and enforcement purposes.

Upon request, the School shall provide a student access to his or her educational records except for financial records of the student's parents or guardian; and confidential letters of recommendation where the student has signed a waiver of right of access. Under FERPA, student or guardians of dependent minor students have a right to see, inspect and request changes to their educational records upon written request. Students or guardians of a dependent minor student should complete the request using the school's Privacy Authorization Release Form each time the student or guardian needs to access personal student information. This form is available upon request in the student administrative offices. Students should identify as precisely as possible the records they wish to inspect/release. Educational records covered by FERPA normally will be made available within ten (10) days of request. All records are to be reviewed by students in the presence of a staff member. Access will be allowed no more than 45 days after receipt of the written request. When a record contains information about more than one student, the student or guardian of a dependent minor student may inspect and review only the records that relate to him/her. The contents of a student's educational records may be challenged by the student on the grounds that they are inaccurate, misleading, or otherwise in violation of the privacy rights of the student by submitting a written statement to the school. A complete copy of the Privacy and File Access Policy is available upon request.

It is the policy of the school that it will maintain the FERPA disclosure code in effect at the time of a student's last term of enrollment for former students. Furthermore, the school will honor a request from a former student, not re-enrolled, to add or delete a non-disclosure request. FERPA rights cease upon death. However, it is the policy of the school that no records of deceased students be released for a period of five (5) years after the date of the student's death, unless specifically authorized by the executor of the deceased's estate or by next of kin. If students believe that their FERPA rights have been violated, they may contact the Family Policy Compliance Office at the Department of Education, 400 Maryland Ave SW, Washington DC 2002-4605. Additional information is available at www.ed.gov/policy/gen/guid/fpc/

This information is protected under FERPA and parents do not have access to it unless the student has provided express, written authorization, or unless the student is a dependent as defined in Section 152 of the Internal Revenue code of 1954. Students can give express written permission of access to their educational record by completing the Privacy Release Authorization Form and remitting it to the School. The Satisfactory Progress Policy is consistently applied to all students enrolled at the school. It is printed in the catalog to ensure that all students receive a copy prior to enrollment. The policy complies with the guidelines established by the National Accrediting Commission of Career Arts and Sciences (NACCAS) and the federal regulations established by the United States Department of Education.

EVALUATION PERIODS: Students are evaluated for Satisfactory Progress as follows;

Cosmetology	450, 900, 1200 clocked (actual) hours
Esthetics	375 clocked (actual) hours
Advanced Massage Therapy	375 clocked (actual) hours
Instructor 500	250 clocked (actual) hours
Instructor 750	375 clocked (actual) hours
Basic Massage Therapy	250 clocked (actual) hours
Master Esthetics	450, 900, 1050 clocked (actual) hours
Nail Technology	300 clocked (actual) hours

Evaluations will determine if the student has met the minimum requirements for satisfactory academic progress. Students who meet the minimum requirements for attendance and academic performance are considered to be making satisfactory academic progress until the next scheduled evaluation. The frequency of evaluations ensures that students have ample opportunity to meet both the attendance and academic progress requirements of at least one evaluation by midpoint in the course. Students have access to satisfactory academic progress results during meetings conducted at each evaluation period. At each established evaluation period students receive a copy of their SAP evaluation.

QUANTITATIVE REQUIREMENT: ATTENDANCE PROGRESS EVALUATIONS: Students are required to attend a minimum of 75% of the hours possible based on the applicable attendance schedule in order to be considered maintaining satisfactory attendance progress.

Evaluations are conducted at the end of each evaluation period to determine if the student has met the minimum requirements. The attendance percentage is determined by dividing the total hours accrued by the total number of hours scheduled. At the end of each evaluation period, the school will determine if the student has maintained at least 75% cumulative attendance since the beginning of the course which indicates that, given the same attendance rate, the student will graduate within the maximum time frame allowed.

MAXIMUM TIME FRAME: The maximum time based on 75% minimum attendance standard is 133% (which does not exceed 150% Title IV requirements) allowed for students to complete courses at satisfactory progress:

Course	Minimum Hours	Maximum Hours
--------	---------------	---------------

Cosmetology	1500	2000
Esthetics	750	1000
Advanced Massage Therapy	750	1000
Instructor 500	500	667
Instructor 750	750	1000
Basic Massage Therapy	500	667
Nail Technology	600	800

The maximum time allowed for transfer students who need less than the full course requirements will be determined based on 133% of the contracted hours. Students who fail to graduate within the maximum time frame will lose eligibility to Title IV funds.

QUALITATIVE REQUIREMENT: ACADEMIC PROGRESS EVALUATIONS: The qualitative element used to determine academic progress is a reasonable system of grades as determined by assigned academic learning. Students are assigned academic learning and a minimum number of practical experiences. Academic learning is evaluated after each unit of study. Practical assignments are evaluated as completed and counted toward course completion only when rated as satisfactory or better (the computer system will reflect completion of the practical assignment as a 100% rating). If overall performance does not meet satisfactory requirements, it is not counted and the performance must be repeated. At least two comprehensive practical skills evaluations will be conducted during the course of study. Practical skills are evaluated according to text procedures and set forth in practical skills evaluation criteria adopted by the school. Students must maintain a written grade average of 75% and pass a FINAL written and practical exam prior to graduation. Students must make up failed or missed tests and incomplete assignments. Numerical grades are considered according to the following scale:

93-100	EXCELLENT
85-92	VERY GOOD
75-84	SATISFACTORY
0-74	BELOW STANDARDS; UNSATISFACTORY

DETERMINATION OF SATISFACTORY ACADEMIC PROGRESS: Students meeting the minimum requirements for academics and attendance at the evaluation point are considered to be making satisfactory academic progress until the next scheduled evaluation. Students will receive a hard-copy of their Satisfactory Progress Determination at the time of each of the evaluations and be notified of any evaluation that impacts eligibility for financial aid. Students that do not achieve the minimum standards are no longer eligible for Title IV funds unless a student is on warning status or has prevailed upon appeal of the determination that has resulted in the status of probation. The following applies to Students who have failed to maintain Satisfactory Academic Progress.

WARNING STATUS: Students who fail to meet minimum requirements for attendance and/or academic progress (75% cumulative attendance and 75% GPA) at the end of the grading period will be placed on a Warning Status. A student in Warning Status may continue to receive assistance under the Title IV HEA programs for one grading period despite a determination the student is not making Satisfactory Academic Progress; A Warning Status may be assigned without an appeal and may require no action from the student. A student meeting Satisfactory Academic Progress at the end of the Warning Status shall be returned to normal SAP status with no loss of Title IV eligibility. A student failing to meet Satisfactory Academic Progress at the end of the Warning Status will result in a loss of Title IV eligibility; with the right to Appeal.

PROBATION STATUS: Students who fail to meet minimum requirements for Satisfactory Academic Progress may be put on Probation for the following reasons:

- A. The institution evaluates the student's progress and determines that the student did not make satisfactory academic progress during the warning or previous evaluation period; and
- B. The student prevails upon appeal of a negative progress determination prior to being placed on probation; and
- C. The institution determines that satisfactory academic progress standards can be met by end of the subsequent evaluation period; or
- D. The institution develops an academic plan for the student that, if followed, will ensure that the student is able to meet the institution's satisfactory academic progress requirements by a specific point within the maximum time frame established for the individual student.

The student will be advised in writing of the actions required to attain satisfactory academic progress by the next evaluation. If at the end of the probationary period, the student has still not met both the attendance and academic requirements required for satisfactory academic progress

or by the academic plan, he/she will be determined as NOT making satisfactory academic progress and, if applicable, students will not be deemed eligible to receive Title IV funds, HEA program funds, Service Members and Veterans Education Benefits.

RE-ESTABLISHMENT OF SATISFACTORY ACADEMIC PROGRESS: Is limited to the period under evaluation. Students making SAP by the end of Warning Status or Probation Status are considered to have regained Title IV eligibility.

INTERRUPTIONS: If enrollment is temporarily interrupted for a Leave of Absence, the student will return to school in the same progress status as prior to the Leave of Absence. Hours elapsed during a Leave of Absence will extend the student's contract period, and maximum time frame, by the same number of days taken in the leave of absence and will not be included in the student's cumulative attendance percentage calculation.

WITHDRAWALS/COURSE INCOMPLETES: Students who withdraw prior to completion of the course and wish to re-enroll will return in the same satisfactory academic progress status as at the time of withdrawal. Students who withdraw may apply for re-enrollment.

APPEAL PROCEDURE: A student, who wishes to appeal a loss of Title IV eligibility due to failure to maintain Satisfactory Academic Progress, must submit a written request to the School within ten (10) days of being notified. If student prevails on appeal, he/she will be on SAP Probation. The Student must describe in writing any unusual circumstances that the student believes deserve special consideration. The basis on which a student may file an appeal: death of a relative, an injury, or illness of the student or other special circumstance. The Student must provide documentation as to why they did not make SAP and what has changed that will allow them to make SAP by the next evaluation point. Once the School receives the appeal, they will evaluate the appeal and provide a decision within five (5) calendar days. In order for an appeal to be granted, the institution must determine that satisfactory progress standards can be met by the end of the subsequent evaluations period. The School Director will notify the student in writing of the decision and that decision is final. All documentation will be maintained in the Student File for record purposes.

NONCREDIT, REMEDIAL COURSES, REPETITIONS: Noncredit, remedial, and repetitions do not apply to this institution. Therefore, these items have no effect upon the school's satisfactory progress standards.

TRANSFER HOURS and RE-ENTRY: With regard to SAP, a student's transfer hours that are accepted toward the student's educational program are counted as both attempted and completed hours for the purpose of determining when allowable maximum time-frame has been exhausted. SAP evaluations periods are based on actual contracted hours at the institution.

LEAVE OF ABSENCE

A Leave of Absence (LOA) due to such things as prolonged illness, accident, medical problem, or other special circumstances, is a temporary interruption in a Student's program of study. LOA refers to the specific time period during an ongoing program when a student is not in academic attendance with a reasonable expectation that they will return. The school may require that all approved LOAs be for a minimum of 60 days and reserves the right to deny/approve LOAs for any special circumstances as seen fit. The school may also require that the student return on a specific date based on class cycles and overall progress in program. In special circumstances, schools may approve more than one LOA for a student. Students must request an LOA in writing, in advance, include the reason for the request and the student's signature; for approval by the school unless unforeseen circumstances prevent the student from doing so. A student will only be granted an LOA without prior request if documentation of unforeseen circumstances is provided at a later date. In this case, the beginning date of the approved LOA will be the first date that the student was unable to attend school. If approved, the official Leave will extend the contract period and maximum time frame by the same number of calendar days designated in the leave document. Changes to the contract period on the enrollment agreement must be initialed by all parties or an addendum must be signed and dated by all parties. A student who has been granted an LOA and met the criteria will not be considered withdrawn and no refund calculation is required at that time. No additional institutional charges will be assessed as a result of the LOA. Students failing to return will be subjected to an Unofficial Withdrawal and the last date of attendance will be used for the purposes of calculating a refund. The Leave of Absence and any additional approved leaves of absence may not exceed a total of 180 days in any twelve month period. All approved leaves will be scheduled to begin on the first class day after the student's last physical day of attendance. For Students enrolled in a massage therapy program, the above policy applies except for LOAs shall not exceed the lesser of 30 school days or 60 calendar days and only one LOA may be granted in a 12 month period.

EMERGENCY LEAVE OF ABSENCE: In special circumstances where a student encounters a situation beyond their control that prevents them from requesting an LOA in advance, the school may grant the student an LOA depending on the mitigating circumstances. In such cases, the students is still required to submit a written LOA request along with a description of the mitigating circumstances. If approved, the beginning date of the LOA is the initial day that the student was unable to attend because of the situation. Failure to provide the required LOA paperwork may result in the LOA being denied. Mitigating Circumstances may include, but are not limited to, medical issues resulting in hospitalization, prolonged legal proceedings, threat of homelessness and/or extreme but temporary issues which impact a student's ability to regularly attend

school.

IMPACT OF LEAVE OF ABSENCE: Title IV Federal Financial Aid cannot be disbursed to students or on behalf of a student while on an LOA. Non-title IV payments due to the school are still due as scheduled. For students receiving VA monies, the school is required to notify the VA of periods of non-attendance, resulting in possible suspension of benefits. Other Third Party funding may also be impacted by LOA.

WITHDRAWAL AND TERMINATION POLICY

Official Withdrawal Process- To officially withdraw from Avenue Five Institute, a student must notify the School Director or Financial Aid offices in writing of this request. A withdrawal does not relieve student and Legal Guardian/Guarantor, if any, of financial responsibilities of the Enrollment Agreement.

Unofficial Withdrawal or "Termination" of a student occurs when a student is determined to be no longer attending school through monitoring of clock hour attendance. After 10 consecutive days of non-attendance, or when a massage therapy student accumulates absences in excess of 15% of the total clock hours in the program, a student will be dropped from the program of enrollment. Dismissal from school due conduct violations, excessive absences, unsatisfactory progress or due to non-compliance with the Texas Department of Licensing and Regulations Rules and Regulations, or also considered Unofficial Withdrawals.

The student's last date of attendance is used for Refund Policy and RT24 calculations. Students who withdraw or terminate prior to course completion will be charged a \$100 administrative withdrawal fee. Personal items left at the school after withdrawal or termination may be discarded or become property of the school.

REFUND POLICY

This policy applies to all programs except for massage therapy programs. This refund policy is drafted in clear, plain English that can be easily understood. This policy applies to all terminations for any reason, by either party, including (without limitation) Student decision, course or program cancellation, or School closure. In compliance with and as mandated by Texas Occupations Code §§1602.458 and .459, a refund will apply for applicants who fail to enter the course of training, or students who withdraw from the course of training, or students who are terminated from the course of training, before completion of the course. Applicants not accepted by the School shall be refunded all monies paid to the School. If Student (or in the case of Student under legal age, his/her parent or guardian) cancels the enrollment in writing within three business days of signing this Agreement, all monies collected by the School, with the exception of the \$100.00 application fee, will be refunded even if the Student has begun classes. The effective date of termination of the Student's enrollment for refund purposes is the earliest of: (i) the last day of attendance if the Student is terminated by the School; (ii) the date the School receives the Student's written notice of withdrawal; (iii) ten (10) days after the Student's last date of attendance; or (iv) the expiration date of a School-approved Leave of Absence. (A) For students who enroll and begin classes but withdraw, or are terminated, prior to course of training completion and during the last 50% of the scheduled course of training, the School: (1) may retain 100% of tuition and fees paid by or for the Student; and (2) the School is not obligated to refund any additional outstanding tuition previously paid by or for the Student. (B) For students who enroll and begin classes but withdraw, or are terminated, prior to course of training completion and within the first 50% of the scheduled course of training, the School shall refund: (1) 90% any outstanding tuition for a withdrawal or termination that occurs during the first week or first one-tenth of the scheduled course, whichever period is shorter; (2) 80% of any outstanding tuition for a withdrawal or termination that occurs after the first week or first one-tenth of the scheduled course, whichever period is shorter, but within the first three weeks of the scheduled course; (3) 75% percent of any outstanding tuition for a withdrawal or termination that occurs after the first three weeks of the scheduled course but not later than the completion of the first 25 percent of the scheduled course; and (4) 50% of any outstanding tuition for a withdrawal or termination that occurs not later than the completion of the first 50 percent of the scheduled course. Any monies due to the applicant or Student shall be refunded within 30 days after the date the Student becomes eligible for the refund. In the case of disabling illness or injury, death in the Student's immediate family, or other documented mitigating circumstances, a reasonable and fair refund settlement will be made. If permanently closed or no longer offering program instruction after a student has enrolled, the School will provide a pro-rata refund of tuition to the Student. If the program is canceled subsequent to the Student's enrollment, the School will either provide a full refund of all monies paid or make arrangements for completion of the program at a later time. The School does not participate in any teach-out plans with other institutions. This refund policy applies to tuition and fees charged on the Enrollment Agreement.. "Outstanding tuition" as used in this refund policy means tuition previously paid by or for the Student and for which the Student has not yet become liable to the School. The cost of the books and supplies are not included in the tuition adjustment computation. These items become the property of the student once issued by Avenue Five Institute and received by the student. The school does not participate in a secondary market; items once opened from its original packaging are non-returnable.

REFUND POLICY MASSAGE THERAPY

This refund policy only applies to Massage Therapy programs. This refund policy is drafted in clear, plain English that can be easily understood. Except for school closure or program discontinued, this policy applies to all terminations for any reason, by either party, including

(without limitation) student decision. In compliance with and as mandated by Texas Administrative Code §§117.66 a refund will apply for applicants who fail to enter the course of training, or students who withdraw from the course of training, or students who are terminated from the course of training, before completion of the course. Applicants not accepted by the School shall be refunded all monies paid to the School. If Student (or in the case of Student under legal age, his/her parent or guardian) cancels the enrollment in writing within three business days of signing this Agreement, all monies collected by the School will be refunded, even if the Student has begun classes. If a Student cancels the enrollment not later than midnight of the third day after the date this Agreement was signed but prior to starting classes, a refund of all monies paid to the School, with the exception of the \$100.00 application fee, will be made. The effective date of termination of the Student's enrollment for refund purposes is the earliest of: (i) the last day of attendance if the Student is terminated by the School; (ii) the date the School receives the Student's written notice of withdrawal; (iii) ten (10) days after the Student's last date of attendance; or (iv) the expiration date of a School-approved Leave of Absence. If a student begins the massage therapy program and is terminated or withdraws prior to completion, the tuition refund will be (a) 90% of the remaining tuition after first week or one-tenth of the program, whichever is less; (b) 80% of the remaining tuition after the first week or one-tenth of the program, whichever is less, but within the first three weeks of the program; (c) 75% of the remaining tuition after the first three weeks of the program, but within the first quarter of the program; (d) 50% of the remaining tuition during the second quarter of the program; (e) 10% of the remaining tuition during the third quarter of the program; and the student may be considered obligated for the full tuition when separating during the last quarter of the program. Any monies due to the applicant or Student shall be refunded within 30 days after the date the Student becomes eligible for the refund. In the case of disabling illness or injury, death in the Student's immediate family, or other documented mitigating circumstances, a reasonable and fair refund settlement will be made. If a program is discontinued and this prevents the student from completing the program: (a) all tuition and fees paid shall be refunded if the student is not provided with a transcript of all successfully completed hours within thirty (30) days of discontinuance of the program; or (b) in the event an additional or changed location is ten (10) miles or more from the previously approved location of instruction and an enrolled student is unable to complete the program at the additional or changed location as determined by the department: (i) all tuition and fees paid shall be refunded if the student is not provided with a transcript of all successfully completed hours within thirty (30) days of the change of location; or (ii) all unearned tuition and fees shall be refunded if a transcript of all successfully completed hours is provided within thirty (30) days of the change of location. If the program is canceled subsequent to the Student's enrollment, the School will either provide a full refund of all monies paid or make arrangements for completion of the program at a later time. The School does not participate in any teach-out plans with other institutions. This refund policy applies to tuition and fees charged on the Enrollment Agreement. The cost of the books and supplies are not included in the tuition adjustment computation. These items become the property of the student once issued by Avenue Five Institute and received by the student. The school does not participate in a secondary market; items once opened from original packaging are non-returnable. If the student has a remaining balance owed to the school after all refund calculations are completed, including Return to Title IV, and whether or not the student was dismissed or electively withdraws, there may be an interest rate no greater than 15% added to the remaining balance owed.

RETURN TO TITLE IV AND REFUND REPAYMENTS POLICY

This policy applies to all recipients of Federal Title IV Financial Aid Funds. Students that are no longer attending the school may still owe funds to the school to cover unpaid tuition. Additionally, the school may attempt to collect any funds from a student that the school was required to return as a result of this policy. The school is required to calculate how much federal aid may be retained or disbursed for a student who withdraws prior to the end of a payment period. The calculated amount is referred to as "Return of Title IV Funds" (R2T4). The calculation of Title IV funds earned by the student has no relationship to the student's tuition and fees that may be owed to the school. All students subject to this policy are determined according to the following definitions and procedures, as prescribed by regulation. The school has 45 days from the date the school determines the students withdrew to return all unearned funds for which it is responsible. The school will notify the student in writing the amount of funds that must be returned. The school will advise the student and/or parent that they have 14 calendar days from the date the school sent the notification to accept a post-withdrawal disbursement for funds that have not been disbursed but are eligible to be used for tuition and fees. If a response is not received from the student and/or parent within the permitted time frame or the student declines the funds, the school will return any earned funds being held from Title IV programs. All post-withdrawal disbursement must occur within 90 days of the date the student withdrew.

WITHDRAWAL BEFORE 60%: The school must perform a R2T4 to determine the amount of earned aid up through the 60% point in each payment period and use the Department of Education's prorate schedule to determine the amount of R2T4 funds the student has earned at the time of withdrawal. After the 60% point in the payment period or period of enrollment, a student has earned 100% of the Title IV funds he or she was scheduled to receive during the period.

WITHDRAWAL AFTER 60%: For a student who withdraws after the 60% point-in-time, there are no unearned funds. However, the school will still calculate eligibility for a post-withdrawal disbursement.

CALCULATING R2T4: Title IV funds are earned in a prorated manner on a per diem clock hours basis up to the 60% point in the payment period. Title IV aid is viewed as 100% earned after that point in time. The school is required to determine the earned and unearned Title IV aid as of the date the student ceased attendance based on the amount of time the student was scheduled to be in attendance. In accordance with

federal regulations, when Title IV financial aid is involved, the calculated amount of the R2T4 Funds is allocated in the following order: Unsubsidized Direct Loans, Subsidized Direct Loans, Direct PLUS loans followed by Federal Pell Grants. The calculation steps are outlined in the following example:

1. Calculate the percentage of Title IV aid earned by the student. 18 (completed days) = 15.3% (% of completed calendar days within the payment period) 118 (scheduled days)
2. Calculate the dollar amount of Title IV aid earned by the student. $15.3\% \times \$2,805.00 = \429.17 (Amount of aid earned by student)
3. If this amount is greater than the total Title IV aid disbursed for the payment period, a Post-Withdrawal Disbursement will be calculated; if the amount is less than the amount of Title IV aid disbursed, the difference will be returned to the Department of Education.

POST WITHDRAWAL DISBURSEMENT: If a student earned more aid than was disbursed to him/her, the institution may owe the student a post-withdrawal disbursement which must be paid as soon as possible but no later than 90 days from the date the school determined the student withdrew for loans and no later than 45 days from the date the school determined the student withdrew for grants. The school is required to notify the student in writing within 30 days of the date it determined that the student withdrew that he/she is eligible for a post-withdrawal disbursement of Title IV loan funds. However, if the student (or parent in the case of a PLUS loan) is eligible to receive a post-withdrawal disbursement of loan funds, the student or parent borrower must first confirm in writing whether he/she accepts/declines all or some of the loan funds offered as a post-withdrawal disbursement. A post-withdrawal disbursement of Federal grant funds does not require student acceptance or approval and the grant funds may be applied directly to the student's account in order to satisfy tuition and fees, or to the student. The school will seek the student's authorization to use a post-withdrawal disbursement for all other educationally-related charges in addition to tuition and fees. The school is required to return the amount of Title IV funds for which it is responsible no later than 45 days after the Date of the Determination of the date of the student's withdrawal.

OVERPAYMENTS: Any amount of unearned grant funds that a student must return directly is called an overpayment. The amount of a grant overpayment that a student must repay is half of the grant funds received or were scheduled to receive. The student must make arrangements with the school and/or the Department of Education to return the unearned grant funds. Student's failure to do so will result in no additional Title IV aid.

OFFICIAL WITHDRAWALS: To officially withdraw from the school, the student must initiate the withdrawal process by contacting the school's admissions office. The school's Cancellation & Refund Policy and RT24 will apply to withdrawn students in accordance with the date provided on the written withdrawal notice and will be effective the date the notice is received.

UNOFFICIAL WITHDRAWAL: Termination of a student is defined as no longer attending whether by the student's voluntary withdrawal or dismissal by the school as disciplinary action; the last date of attendance will be used for the Cancellation & Refund Policy and RT24 calculations. School monitors attendance at least every 30 days.

LEAVE OF ABSENCE: If enrollment is temporarily interrupted for a Leave of Absence (LOA), the student will return to school in the same progress status as prior to the LOA. Hours elapsed during a LOA will extend the student's contract period by the same number of days taken in the LOA and will not be included in the student's cumulative attendance percentage calculation. Students who fail to return from an LOA will have an Unofficial Withdrawal on the date they were scheduled to return from the LOA. The last date of attendance will be used for the Cancellation & Refund Policy and RT24 calculations.

THE SCHOOL'S RESPONSIBILITIES IN REGARDS TO R2T4: (1) providing students with the information given in this policy; (2) identifying students who are affected by this policy and completing the Return of Title IV Funds calculation for those students; (3) returning any Title IV funds that are due the Title IV programs.

THE STUDENT'S RESPONSIBILITIES IN REGARDS TO R2T4: (1) Returning to the Title IV programs any funds that were disbursed to the student and which the student was determined to be ineligible for via the Return of Title IV Funds calculation. More For information about the Title IV program call: 1-800-4-FEDAID (1-800-433-3243), TTY users may call: 1-800-730-8913 Information is also available on Student Aid on the Web at www.studentaid.ed.gov.

PAYMENT TERMS AND FINANCIAL ASSISTANCE

Students are provided payment terms at time of enrollment. Students are required to pay the school for all tuition and fees as outlined on the Enrollment Agreement. Tuition and fees for the program must be paid advance upon commencement of the course of study unless other payment arrangements are made and agreed upon by all applicable parties. No prepayment penalty charges apply if student pays balance in full. Failure to fulfill graduation requirements does not relieve the student of financial obligations. The school may, at its option and without notice, prevent student from attending class until unpaid balance is satisfied. Unpaid balances may result in an eventual withdrawal of the

student from the course. Tuition may be paid by cash, check, money order, credit card, third party, or Title IV Financial Aid (available to those who qualify), or other aid programs which is defined as assistance that the Student has been or will be awarded from State, Institutional, or other scholarship, grant or loan programs. Some financial assistance may require approval of credit history and require a co-signer. Aid may also be available to those who qualify using two other programs: (1) TWC Vocational Rehabilitation Program - Eligibility information available at www.texasworkforce.org; and (2) Department of Veterans Affairs - Eligibility information available at www.va.gov.

COST OF ATTENDANCE

In addition to tuition and fees outlined below, the school will charge a \$20.00 fee for additional copies of transcript, \$100.00 for re-enrollments after 180 days from last date of attendance, and \$100.00 for schedule change requests. The \$100 application fee is non-refundable unless the enrollment agreement is canceled on/before 3 business days from signing of enrollment agreement for a 100% tuition and fee refund. The application fee is charged for processing a student's application for admittance to the institution. This amount is not creditable toward tuition or required fees, nor is it refundable if the student is not admitted to the institution. Students who withdraw or terminate prior to course completion will be charged a \$100 administrative withdrawal fee. To assure program success, students may need additional consumable items such as pen, highlighter, and paper. The estimated cost of such items is less than \$10. The costs of state and/or national licensing exams required for licensure is not included in the cost of tuition and fees. All student kits contain the equipment and textbooks necessary for the satisfactory completion of the progra. Students are not required to purchase books/kit from school but books must be same version/format and equipment of same professional quality level (as determined by school). Students opting to purchase books, supplies, and kit from an outside vendor are required to have these items available to use on the first day of classes. Students may not be permitted to start without the required books, supplies, and kit and Federal Title IV Student Financial Aid funds may not be available to purchase the required items before classes start.

EXTRA INSTRUCTIONAL CHARGES: It is in the student's best interest to attend school regularly so that they can receive a consistent, continuous educational experience and graduate on time to begin timely employment. For this reason, the school will take any and all persuasive steps within our authority to promote proper student attendance. The school has reserved necessary space, equipment, and licensed instructors for each student to attend and graduate within an allotted time frame. Students that have not fulfilled all graduation requirements prior to contract end date may incur extra instructional charges, payable in advance, for the remaining hours required for completion. Extra instructional charges must be paid in advance of the contract expiration and the school reserves the right to dismiss, and/or withdraw a student from school until all extra instructional charges are paid. The hourly rate for extra instructional charges is outlined by program on the above table. So not to be considered excessive, extra instructional charge hourly rates correlate closely with standard program hourly rates. Title IV funds may not ever be used to pay for overtime charges.

LIVING EXPENSE SCHOOL COSTS: In addition to the above tuition, fees, and costs for necessary books and supplies, students should consider their living expense incurred attending school. For the 2018-2019 Academic Year, the school estimates that typical costs for transportation will be \$106/month for students living with parents and \$274/month for all others. The school estimates that costs for room and board will be \$312/month for students living with parents and \$808/month for all others. The school estimates that costs for personal living expenses will be \$171/month for students living with parents and \$442/month for all others. These are only estimates and students are encouraged to shop around to make an informed decision about their total costs of attendance.

The institution's collection procedures follow ethical business practices. Collection correspondence regarding cancellation and settlement from the institution itself, banks, collection agencies, lawyers, or any other third parties representing the institution are required to acknowledge the existence of the Withdrawal and Settlement Policy. If the student has a remaining balance owed to the school after graduation, or after all refund calculations are completed, including Return to Title IV, and whether or not the student graduated, was dismissed or electively withdraws, there may be an interest rate no greater than 15% added to the remaining balance owed.

FEDERAL CONSUMER INFORMATION AND REQUIRED DISCLOSURES

DRUG AND ALCOHOL PREVENTION POLICY

Avenue Five Institute supports, and has prepared policy in accordance with, the Drug Free Workplace Act of 1988 (P.L. 100-690, Title V, Subtitle D) and the Drug Free Schools and Communities Act Amendments of 1989 (P.L. 101-226). Drug abuse is a widespread and devastating challenge for those affected. At Avenue Five Institute, we are committed to preparing students for a successful professional career and have the responsibility of eliminating illegal drug use on campus. This is achieved by prohibiting of the unlawful distribution, dispensation, possession, or use of a controlled substance or alcohol by any student or employee on campus or as a part of any school activity. Additionally, we provide students and employees information concerning the health hazards involved with alcohol and drug abuse as well as information on the legal implications and opportunities for treatment. In compliance with federal government regulations for a drug-free workplace for students and employees, any student caught in possession, use, or distribution of illegal substances or paraphernalia will be dismissed and/or referred to the appropriate agency. Students convicted for any offense, during a period enrollment for which the student was

receiving Title IV funds, under any federal or state law involving possession or sale of illegal drugs will result in the loss of eligibility for any Title IV assistance.

HEALTH RISKS: Health risks generally associated with alcohol and drug abuse can result in but are not limited to a lowered immune system, damage to critical nerve cells, physical dependency, lung damage, heart problems, liver disease, physical and mental depression, increased infection, irreversible memory loss, personality changes and thought disorders. The use of alcohol and other drugs represents a serious threat to health and the quality of life. More than 25,000 people die each year from drug-related accidents or health problems. With most drugs, it is possible that users will develop psychological and physical dependence. The general categories of drugs and their effects are as follows: (1) Alcohol produces short-term effects that include behavioral changes, impairment of judgment and coordination, greater likelihood of aggressive acts, respiratory depression, irreversible physical and mental abnormalities in newborns (fetal alcohol syndrome) and death. Long-term effects of alcohol abuse include damage to the liver, heart and brain; ulcers; gastritis; malnutrition; delirium tremens; and cancer. Alcohol combined with barbiturates and other depressants can prove to be a deadly mixture. (2) Amphetamines/Stimulants (speed, uppers, crank, caffeine, etc.) speed up the nervous system and can cause increased heart and breathing rates, higher blood pressure, decreased appetite, headaches, blurred vision, dizziness, sleeplessness, anxiety, hallucinations, paranoia, depression, convulsions and death due to a stroke or heart failure; (3) Anabolic steroids seriously affect the liver, cardiovascular and reproductive systems. Can cause sterility in males and females as well as impotency in males. (4) Barbiturates/ Depressants (downers, quaaludes, valium, etc.) slow down the central nervous system and can cause decreased heart and breathing rates, lowered blood pressure, slowed reactions, confusion, distortion of reality, convulsions, respiratory depression, coma and death. Depressants combined with alcohol can be lethal. (5) Cocaine/ Crack stimulates the central nervous system and is extremely addictive, both psychologically and physically. Effects include dilated pupils, increased heart rate, elevated blood pressure, insomnia, loss of appetite, hallucinations, paranoia, seizures and death due to cardiac arrest or respiratory failure. (6) Hallucinogens (PCP, angel dust, LSD, etc.) interrupt the functions of the part of the brain that controls the intellect and instincts. May result in self-inflicted injuries, impaired coordination, dulled senses, incoherent speech, depression, anxiety, violent behavior, paranoia, hallucinations, increased heart rate and blood pressure, convulsions, coma, and heart and lung failure. (7) Cannabis (marijuana, hashish, hash, etc.) impairs short-term memory comprehension, concentration, coordination and motivation. May also cause paranoia and psychosis. Marijuana smoke contains more cancer-causing agents than tobacco smoke. The way in which marijuana is smoked - deeply inhaled and held in the lungs for a long period - enhances the risk of getting cancer. Combined with alcohol, marijuana can produce a dangerous multiplied effect. (8) Narcotics (heroin, morphine, demerol, percodan, etc.) initially produce feelings of euphoria often followed by drowsiness, nausea and vomiting. An overdose may result in convulsions, coma and death. Tolerance develops rapidly and dependence is likely. Using contaminated syringes to inject such drugs may result in AIDS. (9) Tobacco/nicotine causes death among some 170,000 people in the United States each year due to smoking-related coronary heart disease. Some 30 percent of the 130,000 cancer deaths each year are linked to smoking. Lung, larynx, esophagus, bladder, pancreas and kidney cancers strike smokers at increased rates. Emphysema and chronic bronchitis are 10 times more likely among smokers.

PUNISHMENT FOR ALCOHOL AND DRUG RELATED CRIMES IN STATE OF TEXAS: The Texas Health and Safety Code sets the possession law, dividing controlled substances into five penalty groups, plus a marijuana category. While some of the substances are legal, it is illegal to possess them without a prescription, and the health code establishes the punishments for illegal possession.

The Texas Tax Code, in addition to criminal penalties for drug possession, also sets potential civil penalties. Although the statute is not often used in minor possession cases, the code requires that taxes must be paid on illegal drugs, so that "dealers" who possess over certain amounts can be charged with tax evasion. The state of Texas can also suspend your license for up to six months following a conviction on any violation of Texas Controlled Substances Act.

The Code of Criminal Procedure also allows police to seize any property used or "intended to be used" in the commission of a drug felony. That means they can take your car, your home, or any other belonging where you are accused of carrying or hiding drugs. The asset forfeiture law is a civil action, not criminal, and you don't have to be convicted for the state to try to take your property. Drug possession penalties are complicated, and depend on the classification of the substance and the quantity.

Possession of Drug Paraphernalia- Any item that can be used as a drug processing, packaging, or consumption mechanism can be defined as paraphernalia under 481.002 (17) of the Texas Controlled Substances Act. Even common household items such as scales, spoons, bowls, envelopes or bags can land you an illegal possession of paraphernalia charge. The most common paraphernalia charges result from pipes, and bongs. Simple possession of drug paraphernalia is a Class C Misdemeanor, which carries a penalty of fines up to \$500. Distribution or possession with intent to distribute or sell drug paraphernalia is a Class A misdemeanor, which can result in up to a year in jail. Second offense penalties will result in mandatory jail time, or if you sell to someone under 18 years old.

Federal Law

Offense	Minimum Punishment	Maximum Punishment
Manufacture, distribution or dispensing drugs (includes marijuana)	A term of imprisonment for up to 5 years, and a fine of \$250,000.	Life imprisonment without release or parole; fine up to \$8M (for an individual) or \$2M (if other than an individual).

REVIEW OF EFFECTIVENESS OF DRUG AND ALCOHOL PREVENTION PROGRAM- In the Fall of 2018, Avenue Five Institute conducted a review of the effectiveness of our drug and alcohol program, as outlined above. The Director of Operations and CEO met to discuss the policy and any occurrences of drugs on campus or instances in which the policy was violated. The results of our review showed that the presence of drugs and alcohol (or their after-effects) at our campuses isn't measurable and the use of drugs is not impacting the our school environment.

METHOD USED TO DETERMINE EFFECTIVENESS OF DRUG POLICY-On a biennial basis, during the Fall, the CEO performs a review of the effectiveness of our Drug Policy. This review is conducted with support from the School Directors, as needed. To determine if the Drug Policy is meeting its objectives, the below methods are used:

1. Determine how many violations of the Drug and Alcohol Policy (and Standards of Conduct Regarding Drugs & Alcohol) occurred during the prior two years.
2. Determine how many students had been terminated due to violation of the Drug (and Standards of Conduct Regarding Drugs & Alcohol).
3. If there are two or less individuals who have violations during the period, and one or less individual who has been terminated due to a violation, then Avenue Five deems that there is not a drug and/or alcohol issue at the campus. Otherwise, there is a potential drug/alcohol issue at the campus.
4. Follow-up actions are taken if a campus is determined to have a potential drug/alcohol issue. In such case, the Campus Director must develop a report to explain the situation and determine if changes to the policy are required (see step 5).
5. The Campus Director report process includes reviewing the violations in order to identify the root causes of violations and what actions could be taken to address them. The Campus Director will provide a summary of recommendations to be reviewed by the CEO. In reviewing the report, the CEO will look to see if any of the violations could/should have been prevented or addressed sooner based on previous knowledge, reports, red flags, etc. Based on this analysis, the CEO will make appropriate changes and updated to the Drug and Alcohol policies and standards of conduct so that future violations can be reduced or eliminated.

2018 REVIEW OUTCOMES AND ANALYSIS

1. Number of violations of our drug policy- 0.
2. Number of violations that resulted in student termination- 0.
3. No campus-wide drug/alcohol issue was identified.
4. NA
5. N/A, No changes were recommended to the drug and alcohol policy as a result.

CAMPUS SECURITY INFORMATION, POLICIES AND PROCEDURES

1. The Campus Security Act (Public Law 102-26) requires postsecondary institutions to disclose the number of instances in which certain specific types of crimes have occurred in any building or on any property owned or controlled by this institution which is used for activities related to the educational purpose of the institution and/or any building or property owned or controlled by student organizations recognized by this institution. In compliance with that law, the previous 3 calendar years' crime statistics are always available upon request.
2. Prior to enrollment, all prospective students are provided a school catalog containing campus security procedures and practices. At orientation conducted on or before the first day of class, students review the school's campus security procedures and practices. All active students and staff receive updated campus crime data and information on campus security procedures and practices annually on or before October 1st as part of the school's annual security report and campus crime disclosure.
3. This institution does not employ campus security personnel but has designated the CEO, School Director, and Director of Human Resources as Campus Security Authorities (CSAs). CSAs have the authority to question all persons on school property to determine their legitimate presence and to escort unauthorized persons to the proper office or off school property, control the actions of persons violating school rules or local, state or federal laws and cooperate with local, state or federal law officers should that become necessary. Campus Security Authorities do not possess arrest power. All crime victims and witnesses are strongly encouraged to immediately report the crime to Campus Security Authorities and the appropriate police agency. All reports will be investigated. Brandon Martin currently serves as the Campus Safety Officer and the Campus Fire Safety Officer.
4. Current policies concerning campus law enforcement are as follows: (a) Institution's officials have no powers of arrest other than the Citizens Arrest Law, and are required in the event of a crime or emergency to call the correct agency or dial (911) for the police and emergency services. The Citizens Arrest Law will be invoked only as a last resort, and after all other possibilities have been explored; (b) Employees shall contact their immediate or nearest ranking supervisor to report any criminal action or emergency to the appropriate agency by calling (911); (c) The institution currently has no procedures for encouraging or facilitating pastoral or professional counseling (mental health or otherwise), other than the student or employee is encouraged to seek such aid.
5. All students and employees are required to report any crime or emergency to a staff member promptly. If a student or employee wishes to report a crime on a voluntary or confidential basis, the institutional official will be prepared to record and report the crime, but not the name of the informant. The student or employee may, in order to maintain confidentiality, submit the information in writing a staff member with or without a signature who in turn will contact the nearest supervisor to report criminal actions or emergencies to the appropriate agency or by calling (911) if appropriate. Non-emergency crimes or questions about crimes can be discussed with Austin Police Department by calling (512)974-2000. The school will prepare and "Incident Report," completed by a staff member, for any instance of crime or emergency within the physical walls of the school and outside parking areas
6. Information regarding any crimes committed on the campus or leased/attached properties (parking lot) will be available and posted in a conspicuous place within two (2) business days after the reporting of the crime and be available for sixty (60) business days during normal business hours, unless the disclosure is prohibited by law, would jeopardize the confidentiality of the victim, or an ongoing criminal investigation the safety of an individual, cause a suspect to flee evade detection: or result in the destruction of evidence. Once the reason for the lack of disclosure is no longer in force, the institution must disclose the information. If there is a request for information that is older than sixty 60 days, that information must be made available within two (2) business days of the request.
7. Though this institution does not offer regularly scheduled crime awareness or prevention programs, students are encouraged to exercise proper care in seeing to their own personal safety and the safety of others. For information on crime prevention programs and tips contact the local police department's crime prevention unit. The following is a description of policies, rules and programs designed to inform students and employees about the prevention of crimes on campus. This guidance is provided to students.a) Do not leave personal property in classrooms; (b) Report to your institutional official, any suspicious persons; © Always try to walk in groups outside the school premises and stay in well-lighted areas; (d) If you are waiting for a ride, wait within sight of other people; (e) Don't prop open self-locking doors; (f) Trust your instincts.
8. During business hours, Avenue Five Institute will be open to students, staff and the general public. Admittance into the building is permitted only at designated entrances. Emergency only exits are secured from outside entry and equipped with alarms to notify of their use. During non-business hours, access to school facilities is by key through the facility's main entrance, as issued by the Director of Operations. Emergencies may necessitate changes or alterations to any posted hours of operation.
9. In the event Avenue Five is made aware of a potential security situation that is not of immediate emergency nature, but may affect the safety and security of students, guests, or employees of the school will distribute written notification documenting the security concern. Written updates will be distributed if needed.
10. If an emergency situation arises that presents an ongoing/continuing threat to the health or safety of students, guests, or employees of the school, Avenue Five will immediately notify the campus community. Since the school campus is small (building and exterior parking), the existence of this threat will be confirmed by a CSA who will, without delay, determine the content of the notification. As soon as possible, a notification will be delivered by the CSA via text or email announcements, flyers, announcements, text-messages etc. The broader community will be made aware in a timely manner of any crimes, suspicious activities or other security problems

through local police reports, which are made available to public.

11. In the event an emergency requires students, guests, or staff to evacuate, everyone should proceed calmly to the nearest exit and meet at the front parking lot or rear parking lot (unless threat persists there, in which case evacuees should proceed further from threat). Evacuation plans are posted throughout the school. Emergency exits are clearly marked and all exit doors remain unlocked during school hours.
12. In the event a severe weather warning has been issued or another situation arises that may impact the health or safety of those on campus, an announcement and directives will be made to students via email, text message, official school application, or other appropriate means. All associates and students need to remain calm and should follow instructions of CSA and other staff, seeking shelter in interior, non-windowed areas of the school.
13. In the event the emergency requires persons within the school to seek shelter, everyone should proceed calmly to the designated shelter area. Everyone must remain in the shelter area until released to leave by Campus Security Authorities. Avenue Five periodically conducts evacuation drills to test emergency response and evacuation readiness.
14. Avenue Five Institute does not officially recognize any off-campus student organizations and therefore no monitoring of such programs is conducted.
15. The Student Right to know act states that schools must notify students on where they can obtain information in regards to sex offenders who must register with the state. The State of Texas requires that sex offenders be registered in the county that they reside. Pursuant to Texas Code of Criminal Procedure Article 62.005, refer to <https://records.txdps.state.tx.us/sexoffender> provided by the Texas Department of Public Safety (DPS). Pursuant to Texas Code of Criminal Procedure Article 62.301 and judicial orders, not all offenders are available on the public access sex offender database. Anyone who uses any information on this website to injure, harass, or for any other unlawful purpose may be subject to criminal prosecution or civil liability.

HARASSMENT AND BULLYING POLICY

Avenue Five Institute intends to maintain an environment that is free from intimidation or harassment. Harassment of by any employee, student, guest, or outside vendor is prohibited and may result in disciplinary action, up to and including termination from the program or company. Harassment is defined as behavior that is offensive to an individual or group, including unwelcome sexual advances, uninvited suggestive remarks, verbal, written or graphic communication that is sexist, racist, contains religious slurs, or ethnic jokes, etc. Racial, religious, or ethnic intimidation, sexual harassment in an educational environment creates a psychologically-harmful atmosphere. If you observe this type of behavior, you should immediately address the issue by advising the individual that it is unwelcome, unwanted and inappropriate. If the behavior does not cease, report it to a CSA or Campus Management immediately. Verbal and/or written threats to any individual(s) will be taken seriously, perceived as credible and turned over to the local police for investigation.

TITLE IX ANTI-HARASSMENT AND DISCRIMINATION POLICY

Avenue Five Institute is committed to providing a work and school environment free of unlawful harassment or discrimination. The school is also committed to supporting the Violence Against Women Act. In furtherance of these commitments, all students and employees are required to take our mandatory ongoing prevention and awareness programs covering Sexual Harassment and Prevention upon starting with the School and every year thereafter. This training includes guidance on safe and positive options for bystander intervention, as well as information on risk reduction to prevent dating violence, domestic violence, sexual assault, and stalking.

School policy prohibits harassment or discrimination based on race, religion, creed, color, national origin, ancestry, sex (including pregnancy, childbirth or related medical conditions), military or veteran status, physical or mental disability, medical condition, marital status, age, sexual orientation, gender, gender identity or expression, genetic information or any other basis protected by the federal, state or local law. Additionally, in accordance with Title IX of the Education Amendments of 1972, the School prohibits discrimination based on sex, which includes sexual harassment and sexual violence, and the School has jurisdiction over Title IX complaints.

The School's anti-harassment policy applies to all persons involved in the operation of the School, and prohibits unlawful harassment by any employee of the School, as well as students, customers, vendors or anyone who does business with the School. It further extends to prohibit unlawful harassment by or against students. Any employee, student or contract worker who violates this policy will be subject to disciplinary action. To the extent a customer, vendor or other person with whom the School does business engages in unlawful harassment or discrimination, the School will take appropriate corrective action.

As part of the School's commitment to providing a harassment-free working and learning environment, this policy shall be disseminated to the School community through publications, the School website, new employee orientations, student orientations, and other appropriate channels of communication. The School provides training to key staff members to enable the School to handle any allegations of sexual harassment or sexual violence promptly and effectively. This training includes information on recognizing situations of potential harm and taking safe bystander intervention measures in order to encourage risk reduction. The School will respond quickly to all reports, and will take appropriate action to prevent, to correct, and if necessary, to discipline behavior that violates this policy. The Title IX coordinator at Avenue Five Institute is Brandon Martin. All schools receiving Federal financial assistance must designate at least one professional employee as the Title IX Coordinator to oversee compliance efforts and investigate any complaint of sex discrimination. This person is responsible for monitoring the overall implementation of Title IX for Avenue Five and coordinating compliance with Title IX in all areas covered by the implementing

regulations. The Title IX coordinator can be reached directly and confidentiality at any time at titleix@avenuefive.com. The Deputy Title IX Coordinator can be reached at shempel@avenuefive.com.

9. *Risk Reduction* is defined as options designed to decrease perpetration and bystander inaction, increase empowerment for victims, and help individuals and communities address conditions that facilitate violence.

PROHIBITED CONDUCT-This policy strictly prohibits sexual or other unlawful harassment or discrimination as well as sexual violence, as defined above. Sexual or other unlawful harassment or discrimination includes any verbal, physical or visual conduct based on sex, race, age, national origin, disability or any other legally protected basis if: submission to such conduct is made either explicitly or implicitly a term or condition of an individual's education or employment; submission to or rejection of such conduct by an individual is used as a basis for decisions concerning that individual's education or employment; or it creates a hostile or offensive work environment, which means the alleged conduct is sufficiently serious to limit or deny a student's or ability to participate or benefit from the student's education program. Unlawful harassment or discrimination may include racial epithets, slurs and derogatory remarks, stereotypes, jokes, posters or cartoons based on race, national origin, age, disability, marital status or other legally protected categories. Sexual harassment is conduct based on sex, whether directed towards a person of the opposite or same sex, and may include explicit sexual propositions, sexual innuendo, suggestive comments, sexually oriented "kidding" or "teasing", practical jokes, jokes about or displays of obscene printed or visual material, questions about sexual fantasies, preferences or history, and physical contact such as patting, pinching, or intentionally brushing against another person's body. Gender-based harassment, including acts of verbal, nonverbal or physical aggression, intimidation, or hostility based on sex or sex-stereotyping are strictly prohibited, even if those acts do not involve conduct of a sexual nature.

TITLE IX COMPLAINT/GRIEVANCE PROCEDURE- If you believe that you've experienced or witnessed harassment or sexual violence, notify your instructor, supervisor, or the Title IX Coordinator(s) as soon as possible after the incident. Do not allow an inappropriate situation to continue by not reporting it, regardless of who is creating the situation. No employee, contract worker, student, vendor or other person who does business with the School is exempt from the prohibitions in this policy. Supervisors will refer all harassment complaints to the Title IX Coordinator for student-related complaints and to the Human Resources Department if the complaint involves an employee. In order to facilitate the investigation, your complaint should include details of the incident or incidents, names of the individuals involved and names of any witnesses. All complaints involving a student will be referred to the school's Title IX Coordinator. The Title IX Coordinator(s) listed below have the responsibility of overseeing all Title IX complaints at all campuses and addressing patterns or systemic problems that arise during review of complaints.

Responsible persons are employed at each campus location to assist with implementing and enforcing Title IX. The School ensures that its employee(s) serving as Title IX Coordinator(s) have adequate training on what constitutes sexual harassment, including sexual violence, and that they understand how the School's grievance procedures operate. Because complaints can also be filed with an employee's supervisor or Human Resources, these employees also receive training on the School's grievance procedures and any other procedures used for investigating reports of sexual harassment.

INVESTIGATION OF COMPLAINTS- Investigations will be conducted by school officials that receive annual training on the issues related to dating violence, domestic violence, sexual assault, and stalking and how to safely conduct an investigation and hearing process to protect the safety of the victims and promote accountability. In response to all complaints, the School promises prompt and equitable resolution through a reliable and impartial investigation of complaints, including the opportunity for both parties to present witnesses or other evidence. The accuser and the accused are also permitted to be accompanied by the advisor of their choice to any meetings or proceedings. The school will not limit the choice or presence of an accompanying adviser but may establish restrictions, applied equally to both parties, regarding the extent to which an adviser may participate in the proceedings. The time necessary to conduct an investigation will vary based on complexity but will generally be completed within sixty (60) days of receipt of the complaint. The School shall maintain confidentiality for all parties to the extent possible, but absolute confidentiality cannot be guaranteed. In cases where a student does not give consent for an investigation, the School will weigh the student's request for confidentiality against the impact on School safety to determine whether an investigation must proceed. Complainants should be aware that in a formal investigation due process generally requires that the identity of the charging party and the substance of the complaint be revealed to the person charged with the alleged harassment. The institution will complete publically available recordkeeping without the inclusion of personally identifiable information about the victim and strive to maintain protections for victim identity. The preponderance of the evidence standard will apply to investigations, meaning the School will evaluate whether it is more likely than not that the alleged conduct occurred. The institution will provide simultaneous notification, in writing, to both the accuser and accused of the result of any institutional disciplinary proceeding and the schools procedures for appealing the results, if available. The school will also provide simultaneous written notification to both the accuser and the accused of any changes to the results and when results become final. During the investigation, the School will provide interim measures, as necessary, to protect the safety and wellbeing of students and/or employees involved.

If the School determines that unlawful harassment or sexual violence has occurred, immediate appropriate corrective action will be taken in accordance with the circumstances involved, and the School will take steps to prevent the recurrence of any harassment or discrimination. Any employee determined by the School to be responsible for unlawful harassment or discrimination will be subject to appropriate disciplinary action, up to and including termination. Remedies for student-related claims may include, but are not limited to, an order to stay away, suspension or expulsion. To initiate a criminal investigation, reports of sexual violence should be made to "911" or local law enforcement. The criminal process is separate from the School's disciplinary process. To the extent that an employee or contract worker is not satisfied with the handling of a harassment or discrimination complaint, he or she may also contact the appropriate state or federal enforcement agency for legal relief.

RETALIATION PROHIBITION- The School will not retaliate against students for filing a complaint, and will not tolerate retaliation by students/employees. If you believe you've been retaliated against, promptly notify your supervisor, or Title IX Coordinator(s).

REPORTING REQUIREMENTS- Victims of sexual misconduct should be aware that School administrators must issue timely warnings for incidents reported to them that pose a substantial threat of bodily harm or danger to other members of the campus community. The School will make every effort to ensure that a victim's name and other identifying information is not disclosed, while still providing enough information for community members to make safety decisions in light of the danger. The School reserves the right to notify parents/guardians of dependent students of health or safety risks, or a change in student status.

ADDITIONAL INFORMATION- Employees should contact the Title IX Coordinator(s) for more information or any questions related to this policy. Students may contact the Title IX Coordinator with any questions related to this policy. In addition, the U.S. Department of Education Office for Civil Rights ("OCR") investigates complaints of unlawful harassment of students in educational programs or activities. This agency may serve as a neutral fact finder and will attempt to facilitate the voluntary resolution of disputes with the parties. For more information, visit the OCR website at: <http://www.hhs.gov/ocr/>.

Policy strictly prohibits the illegal use, possession, manufacture, dispensing, or distribution of alcohol, drugs or controlled substances in the workplace, on its premises, or as a part of all school sponsored activities. A violation of this policy is considered a major offense, which may

result in requirement for satisfactory participation in a drug or alcohol rehabilitation program, referral for criminal prosecution, and/or immediate disciplinary action up to and including termination from employment and suspension or expulsion from the school. A criminal conviction is not required for sanctions to be imposed upon an employee or student for violations of this policy. Violations of applicable local, state and federal laws may subject a student or employee to a variety of legal sanctions including but not limited to fines, incarceration, imprisonment and/or community service requirements. Convictions become a part of an individual's criminal record and may prohibit certain career and professional opportunities. Texas Penal Code § 22.011 states: person commits an offense if the person: (1) Intentionally or knowingly: (a) Causes the penetration of the anus or sexual organ of another person by any means without that person's consent; (b) Causes the penetration of the mouth or another person by the sexual organ of the actor, without that person's consent; or (c) Causes the sexual organ of another person, without that person's consent, to contact or penetrate the mouth, anus, or sexual organ of another person, including the actor; or (2) Intentionally or knowingly: (a) Causes the penetration of the anus or sexual organ of a child by any means; (b) Causes the penetration of the mouth or a child by the sexual organ of the actor; (c) Causes the sexual organ of a child to contact or penetrate the mouth, anus, or sexual organ of another person, including the actor; (d) Causes the anus of a child to contact the mouth, anus, or sexual organ of another person, including the actor; or (e) Causes the mouth of a child to contact the anus or sexual organ of another person, including the actor. (f) A sexual assault under Subsection (a) (1) is without the consent of the other person if:

1. The actor compels the other person to submit or participate by the use of physical force or violence;
2. The actor compels the other person to submit or participate by threatening to use force or violence against the other person, and the other person believes that the actor has the present ability to execute the threat;
3. The other person has not consented and the actor knows the other person is unconscious or physically unable to resist;
4. The actor knows that as a result of mental disease or defect the other person is at the time of the sexual assault incapable either of appraising the nature of the act or of resisting it
5. The other person has not consented and the actor knows the other person is unaware that the sexual assault is occurring;
6. The actor has intentionally impaired the other person's power to appraise or control the other person's conduct by administering any substance without the other person's knowledge;
7. The actor compels the other person to submit or participate by threatening to use force or violence against any person, and the other person believes that the actor has the ability to execute the threat;
8. The actor is a public servant who coerces the other person to submit or participate;
9. The actor is a mental health services provider
10. The actor is a clergyman
11. The actor is an employee of a facility where the other person is a resident, unless the employee and resident are formally or informally married to each other under Chapter 2 Family Code.

Texas Penal Code § 1.07 definition section states: "*Consent*" means in fact, whether express or apparent.

Any person who may be a victim or is aware of a victim of sexual assault on campus should immediately report the incident to the School Director and/ the Title IX coordinator(s) at Avenue Five Institute by calling/emailing them at the contact address provided.. Students, faculty, and staff are strongly encouraged to report sexual assaults to the Austin Police Department, whether the assault occurs on or off campus, no matter who the alleged assailant is. If the assault occurs off campus, the school will assist a victim with notification to the appropriate law enforcement agency having police jurisdiction where the crime occurred. In the event of an on or off campus VAWA crime occurring, the school will provide a written explanation of the students rights and options.

It is important for persons who have been sexually assaulted to seek medical attention. A representative from the STARS (Sexual Trauma & Assault Response Services) may be available to accompany students who have been sexually assaulted to the hospital and for counseling, if desired. A medical examination specifically tailored for sexual assault victims is conducted by the hospital staff. This will help preserve important evidence of the sexual assault if the person who has been sexually assaulted decides later to prosecute. It is important for persons who have been sexually assaulted to contact the police who will arrange for immediate medical attention and will initiate an investigation. The school will work with local law enforcement to investigate all sexual assault complaints with sensitivity, compassion, patience and respect for the victim. Investigations are conducted in accordance with guidelines established by Texas state law and the Travis County District Attorney's Office. In accordance with the Texas Code of Criminal Procedure Art. 57, victims may use a pseudonym to protect their identity. A pseudonym is a set of initials or a fictitious name chosen by the victim to be used in all public files and records concerning the sexual assault. Victims of sexual assault are not required to file criminal charges; however, pursuing charges is encouraged. If you have been sexually assaulted: (1) Call 9-1-1 on campus/from a cell phone or off campus phone line; (2) DO NOT shower, bathe, or douche.; (3) Have a trusted friend take you to a medical center that performs sexual assault examinations. Take the clothes in which you were assaulted with you to the hospital in a paper bag, not plastic; (4) Obtain counseling services recommendations from the hospital or law enforcement; (5) Remember it is not your fault.

HOW TO FILE SEXUAL ASSAULT COMPLAINT: If the complainant elects not to file criminal charges, but still wishes to proceed with formal administrative charges, an investigation is conducted, and the case is referred to the School Director. Disciplinary actions assessed in a particular case will be dependent on the nature of the conduct involved, the circumstances and conditions which existed at the time the student engaged in such conduct and the results which followed as a natural consequence of such conduct. Sanctions can include the following:

Disciplinary warning/probation, Withholding of grades or official transcript/diploma, Bar against readmission or drop from enrollment, Restitution, Suspension of rights and privileges, Suspension, Expulsion, or other penalty as deemed appropriate under the circumstances. Campus Sexual Assault Victims' Bill of Rights The United States Congress enacted the "Campus Sexual Assault Victims' Bill of Rights" in 1992 as a part of the Higher Education Amendments of 1992. This law requires that schools afford sexual assault victims basic rights such as: (1) Accuser and accused must have the same opportunity to have others present, (2) Both parties shall be informed of the outcome of any disciplinary proceeding. (3) Survivors shall be informed of options to notify law enforcement (4) Survivors shall be notified of counseling services.

CAMPUS CRIME STATISTICS

In accordance with the Clery Act and the Violence Against Women Act, Avenue Five Institute is committed to providing a campus experience that supports the safety of our students, our staff, and our guests. The ultimate purpose of this is to promote safe and healthy student relationships that foster a positive learning environment for everyone. The policies and procedures for Avenue Five Institute were developed (and periodically updated) by executives of the company. The school prepares an Annual Safety Report in compliance with the Jeanne Clery Disclosure of Campus Security Policy and Crime Statistics Act. This report is distributed to students and staff each year and has been prepared in cooperation with the police agencies surrounding our campus. The report includes statistics for the previous three calendar years concerning reported crimes that occurred on campus and on any public property within, or immediately adjacent to and accessible from the campus. The report also includes institutional policies concerning campus security, alcohol and drug use, crime prevention, the reporting of crimes, sexual assault, VAWA, and other matters. All current and prospective employees and students can always obtain a physical copy of this year's report by visiting the administrative offices. On or before October 1 of each year, all students and employees are informed of the existence of the Annual Security Report and are provided access to a copy of the ASR as well as information on how to easily obtain additional copies via the Campus Director. In addition, all students are made aware of information and policies contained in the Annual Security Report via the Student Catalog, which is reviewed with all students during the enrollment process. Lastly, the new student orientation occurs on or before the first day of class and includes a review of key elements of the Student Catalog, including our Campus Security Program, and how to obtain the Annual Security Report. Below are the crime statistics from the most recent Annual Security Report:

A current year FAFSA (Free Application for Federal Student Aid) is required to be completed prior to a determination of eligibility for all Title IV funds. The deadline to submit an online application for federal student aid is midnight Central Time on June 30th of the end of the Academic Year. Directions to complete this application, an MPN (Master Promissory Note), and Entrance Counseling are located on the "Directions to Apply for Federal Student Aid", the US Department of Education's annual publication of "Funding Education Beyond High School: The Guide to Federal Student Aid" and Direct Loan Basics for Students" available in the Financial Aid Office; or: FAFSA Information Center can be contact by calling (1-800-433-3243) or visiting www.studentaid.ed.gov. Students who apply for and complete the steps necessary to participate in Federal Student Aid (Title IV) programs will receive an estimate Award Letter. The estimated Award Letter serves as notification of students proposed aid package, including types of aid and disbursement information. The estimated Award Letter is for academic year one and it may be necessary for students and/or parents to re-apply for financial aid with each subsequent academic year. Award Letters may be delivered in person or sent electronically. No action is required on the students part to accept the award as presented. Written authorization is only required to decline an award. This authorization to decline an award must be received by Avenue Five Institute within two (2) days of receipt of the initial award letter. Authorization is considered to have been received at Avenue Five Institute upon receipt of email, postal service

If a student's FAFSA is selected for verification, the student must provide additional information in order for their financial aid eligibility to be determined. The specific type of documents required for submission will vary from student to student but may include items such as tax return transcripts or W-2 Wage and Tax statements. Upon selection for verification, students will be notified by email of the required additional documentation needed. For students currently attending school, all verification documentation must be submitted within 15 days of request. For incoming students, the request documentation must be received within 5 days from the date of notification (and no later than the 5th scheduled class day). Failure to submit requested documentation within designated time frames may result in loss of eligibility. Eligibility cannot be determined until the verification process has been completed. Avenue Five Institute will make every effort to award financial aid to all students so please contact a Financial Aid Advisor if you are unable to meet the deadline requirements. Once all documentation and/or signatures have been submitted, the data will be verified for accuracy, which may take up to 30 days. Should any discrepancies exist, corrections will be made to your Award Letter and students will be notified.

The school currently participates in the Pell Grant, Stafford Direct Loan and Parent PLUS Direct Loan programs. The school does not coordinate but will certify veterans, state, local government and private funding sources. The school is required to inform all eligible borrowers about the eligibility of, and eligibility for, state grant aid. Any state grant programs that the school is aware of are disclosed in this catalog. Students are encouraged to research all state funding opportunities that may be available. Resources for this research may include FinAid.org (www.finaid.org/otheraid/state.phtml), US Department of Education (www2.ed.gov/about/contacts/state/index.html), and the National Association of Students Financial Aid Administrators (www.nasfaa.org/State_Financial_Aid_Programs).

All students who borrow a Stafford Loan while attending the school must complete Direct Loan Entrance Counseling before funds will be certified. Prior to the first disbursement of a Title IV loan, the school will provide first-time borrowers with a comprehensive information on the terms and conditions of the loan and of the borrower's responsibilities. This information will be provided via interactions with the school's Financial Aid Advisors.

Need Based Aid (Pell Grant and Stafford Subsidized Loan) Calculation: COA (Cost of Attendance) - EFC (Expected Family Contribution) = Need Eligibility

Non-Need Based Aid (Unsubsidized Stafford and Parent PLUS Loan) Calculation: COA - EFA (Expected Financial Assistance/all other aid) = Non-Need Eligibility

COA = Budget - each student receiving an Award Letter estimating Title IV Eligibility will be assigned a Budget. The COA includes the following items: Tuition & Fees, Room and Board, Transportation, Misc/Personal, Books/Supplies and Other items such as special circumstances or expenses related to disabilities.

Awards of Title IV federal assistance (if applicable) received by students will apply first to tuition owed and then to the student for education related expenses. All financial aid disbursements will be made in accordance with federal regulations and guidelines. Financial Aid will be credited towards the student's account at least twice during the academic year of 900 hours. Students desiring the institution to budget and disburse financial aid funds for the student throughout the academic year may make such request in writing. All loans through the Direct Loan Program, if applicable, must be paid back according to the terms and conditions of the borrower's promissory note.

Private Education/Institutional Loans are not offered by the school nor does the school have preferred lender arrangements. Should a student insist on seeking a Private Educational Loan, loan certification will only be provided after a student has demonstrated need and exhausted all Federal Student Aid eligibility and A Private Education Loan Application Self-Certification must be completed.

Exit Counseling must be completed by all students who are graduating or withdrawing from school. If a student is unavailable to complete at the school a Direct Loan Exit Counseling Guide will be mailed to them for completion. Counseling may be provided in person (individually or in groups), using audiovisual materials US Department of Education Publications and/or online. Student borrowers should be advised to complete online exit counseling or come to the counseling session at the school shortly before graduating, or ceasing at least half-time enrollment. As required, the school will submit students' loan information to the National Student Loan Data System (NSLDS). This information will be accessible by guaranty agencies, lenders, and schools determined to be authorized users of the data system. Please be aware that the information on the NSLDS site is updated by schools and the Department of Education and may not always have the most current information available. Visit www.nsls.ed.gov for additional information.

The school does not assign a lender to any first-time borrower through financial aid packaging or any other means; (5) Avenue Five will not request or accept any offer of funds to be used for private education loans to students from any lender in exchange for providing the lender with loans nor will the school enter into a preferred lender arrangement for Title IV loans; (6) Avenue Five Institute will not request or accept any assistance with call center or financial aid office staffing; (7) Employees or those who serve on an advisory board, commission, or group established by a lender, guarantor, or group of lenders or guarantors will not accept anything of value (other than reimbursement for reasonable expenses) for such service. The school does not employ any students who are currently receiving financial aid and are attending the school programs.

LOAN REPAYMENT- Repayment of students' loans is extremely important. Students are encouraged to begin planning for loan repayment prior to graduation. Developing a budget and sticking to it will allow students to live within your means and avoid financial crises. A budget will help you develop a realistic understanding of all your financial obligations and how they relate to your income. In formulating a budget, you should consider the choices you've made regarding rent or mortgage payments, car payments, living expenses, and your student loan debt. The Direct Loan Program offers loan repayment plans designed to meet the needs of almost every borrower. Direct Loans are funded by the U.S. Department of Education through your school and are managed by a loan servicer, under the supervision of the Department. The Direct Loan Program allows you to choose your repayment plan and to switch your plan if your needs change. To find out more about repayment options before receiving a Direct Loan, or if you need more information but do not have internet access, you may contact the school's financial aid office or the Federal Student Aid Information Center at 1-800-4-FED-AID (1-800-433-3243).

COPYRIGHT AND UNAUTHORIZED DISTRIBUTION OF COPYRIGHTED MATERIAL

Avenue Five Institute will not tolerate the unauthorized copying, downloading, publishing, distribution, or use of copyrighted material. Students who engage in illegal downloading or unauthorized distribution of copyrighted materials using the school's information systems will receive disciplinary action up to and including dismissal from school. The sanctions are in addition to any legal actions taken by local, state, or federal authorities. In addition, in the spirit of promoting "the progress of science and the useful arts," the college supports the fair use for such purposes as criticism, comment, news reporting, teaching scholarship or research and reproduction of copyrighted materials (including multiple copies for the classroom or library use), for educational purposes as outlined in the federal Copyright Law (PL94-553).

ADMINISTRATIVE RULE

1. This administrative rule is based upon the original Copyright Act of 1976 and the amendments added by the Digital Millennium Copyright Act signed into law in 1998.
2. This administrative rule applies to all staff and students who make use of materials created by entities other than themselves. This includes but is not limited to materials used for classroom teaching, out of class presentations, online distribution, professional conferences, homework assignments, electronic transmission and for school publication.
3. Copyright issues dealing with intellectual property created by staff and students are covered in the administrative rule on intellectual property.
4. The School considers the educational environment to consist of traditional on-campus instruction.
5. Staff and students are expected to comply with copyright law and to apply the fair use criteria to each use of material of which they are not the originator.
6. Unauthorized peer-to-peer file sharing, illegal downloading or unauthorized distribution of copyrighted materials using the institution's information technology system.
7. The only software programs, other than students' projects, to be used on systems in the school are those
8. products for which the school owns a valid license or the school may legally use. Copying the school's software from the computer system is considered theft and is a serious offense. Copying or modifying school software and/or borrowing software from the labs is not permitted. If you have a question, please see the system administrator.

In compliance with the Section 512(2)(c)(2) of Chapter 5, Title 17 of United States Code, the School shall have a DESIGNATED AGENT "to receive notifications of claimed infringement" and "other contact information which the Register of Copyrights may deem appropriate." The designated agent for the School will be the CEO.

FAIR USE- Fair Use is the use of a copyrighted work for purposes such as criticism, comment, news reporting, teaching (including multiple copies for classroom use), scholarship, or research. In determining whether the use made of a work in any particular case is a fair use, the factors to be considered shall include: (1) The purpose and character of the use, including whether such use is of a commercial nature or is for nonprofit educational purposes; (2) The nature of the copyrighted work; the amount and substantiality of the portion used in relation to the copyrighted work as a whole; and (3) The effect of use upon the potential market for or value of the copyrighted work. The School encourages staff and students to be diligent in the application of the fair use criteria. Through diligent application school constituents and the School avail themselves of protection from infringement by establishing "reasonable grounds for believing that his or her use of the copyrighted work was a fair use" according to Sections 107 and 504c of United States Code title 17.

CIVIL AND CRIMINAL PENALTIES FOR VIOLATION OF FEDERAL COPYRIGHT LAWS- Copyright infringement is the act of exercising, without permission or legal authority, one or more of the exclusive rights granted to the copyright owner under section 106 of the Copyright Act (Title 17 of the United States Code). These rights include the right to reproduce or distribute a copyrighted work. In the file-sharing context, downloading or uploading substantial parts of a copyrighted work without authority constitutes an infringement. Penalties for copyright

infringement include civil and criminal penalties. In general, anyone found liable for civil copyright infringement may be ordered to pay either actual damages or "statutory" damages affixed at not less than \$750 and not more than \$30,000 per work infringed. For "willful" infringement, a court may award up to \$150,000 per work infringed. A court can, in its discretion, also assess costs and attorneys' fees. For details, see Title 17, United States Code, Sections 504, 505. Willful copyright infringement can also result in criminal penalties, including imprisonment of up to five years and fines of up to \$250,000 per offense. For more information, please see the Web site of the U.S. Copyright Office at copyright.gov, especially their FAQ's at www.copyright.gov/help/faq.

SCHOOL DISCIPLINARY ACTIONS- Disciplinary action may be taken in the event that the provisions of these guidelines are violated. The administration has sole discretion in determining what action, if any, will be taken against persons violating the provisions of this guideline. Handling of violations to this guideline may vary according to the particular situation. Where the use of the computer is an integral part of the instructional program, violators need to be disciplined immediately and regain access to the computer so that instruction may continue. Disciplinary action may range from a verbal reprimand to legal action.

INTERNET GUIDELINES- Internet access is available to students and staff. The goal in providing this service to Instructors and students is to promote educational excellence by facilitating resource sharing, innovation, collaboration, and communication. The school's network is an electronic network, which enables access to the Internet. The Internet is an electronic highway connecting thousands of computers all over the world and millions of individual subscribers. Students and instructors and staff may have access to: (1) Electronic mail; (2) Information and news; (3) Opportunity to and research; and (4) Public domain and shareware software of all types. With access to computers and people all over the world also comes the availability of material that may not be considered to be of educational value in the context of the school setting. On a global network, it is impossible to control all materials and an industrious user may discover controversial information. The School believes that the educational value of information and the interaction available on this worldwide network outweighs the risks that users may procure materials that are not consistent with the educational goals of the School.

PRIVILEGES- The use of the network is a privilege, not a right, and inappropriate use will result in a revocation of privileges. The system administrator may close an account at any time as required.

USERS' OBLIGATIONS- Users must be clearly aware of which computing practices are considered acceptable and which are considered Unacceptable. School related files are the only files to be saved on one's account. Storing commercial software, utility programs, games or hidden files to the account is not permitted. Transmission of any material in violation of any U.S. or state regulations is prohibited. This includes, but is not limited to, copyrighted material, threatening or obscene material, or material protected by trade secrets. Playing games on the school's computer equipment or using the system in association with inappropriate textual material or graphic images is prohibited. Saving to the hard disk drive is granted only by permission of the system administrator. One may use computing facilities and services only for authorized purposes. One may not attempt to copy, disclose, transfer, examine, restore, change, add or delete information or programs belonging to another user. One may not attempt to subvert the restrictions associated with your own or any other computing accounts.

NETIQUETTE- Everyone is expected to abide by the generally accepted rules of network etiquette. These include (but are not limited to) the following: (1) Be polite. Do not use abusive, vulgar, or inappropriate language in your messages to others; (2) Use appropriate language. Do not swear, use vulgarities or any other inappropriate language; (3) Messages relating to or in support of illegal activities may be reported to the authorities; (4) Be careful what you say about others; (5) Leave equipment and room in good condition for the next user/class; (6) Do not use the network in a way that you disrupt the use of the network by others.

SECURITY- Security on any computer system is a high priority, especially when the system involves many users. If you feel you can identify a security problem, you must notify the system administrator. Do not demonstrate the problem to other users. Do not use another user's account. Do not give your password to any other individual. Attempts to log in to the network as a system administrator will result in cancellation of user privileges.

DRUG USE- The Texas Tax Code, in addition to the criminal penalties for drug possession, also sets potential civil penalties. Although the statute is not often used in minor possession cases, the code requires that taxes must be paid on illegal drugs, so that "dealers" who possess over certain amounts can be charged with tax evasion. The state of Texas can also suspend your license for up to six months following a conviction on any violation of the Texas Controlled Substances Act.

The Code of Criminal Procedure also allows police to seize any property used or "intended to be used" in the commission of a drug felony. That means they can take your car, your home, or any other belonging where you are accused of carrying or hiding drugs. The asset forfeiture law is a civil action, not criminal, and you don't have to be convicted for the state to try to take your property. Drug possession penalties are complicated, and depend on the classification of the substance and the quantity.

VANDALISM- Vandalism will result in immediate cancellation of privileges and may result in disciplinary action. Vandalism is defined as any malicious attempt to harm or destroy data of another user and abuse or misuse of hardware. This includes, but is not limited to, the uploading or creation of computer viruses. Users should report any suspected violations to a teacher, administrator or system administrator.

ACCOUNTS AND ACCOUNT PASSWORDS- You may be required from time to time to update your user account. This may require changing your password or deleting some of your files. In such cases, do not use another individual's account. DO NOT REVEAL YOUR PASSWORD TO ANYONE. Attempts to log in to the network as system administrator will result in immediate cancellation of user privileges. Any users identified as a security risk or having a history of problems with other computer systems may be denied access to the network. You must maintain secure passwords to your account. You must follow all directions of the System Administrator with respect to security of passwords and take reasonable precautions against unauthorized access. You may not set up an account for another user or make any attempts to find out the password of a service for which you have not been authorized, including accounts set up for other users.

DATA INFORMATION SECURITY- Brandon Martin serves as the School's Information Security Officer (ISO). The ISO designates individuals who have the responsibility and authority for information technology resources, establishes and disseminate enforceable rules regarding access to and acceptable use of information technology resources, establishes reasonable security policies and measures to protect data and systems, monitors and manages system resource usage, and investigates problems and alleged violations of School information technology policies. To report a data security breach, contact the ISO immediately at iso@avenuefive.com.
